From ideas to impact

Thank you for supporting The Hospital Research Foundation Home Lottery.

Every ticket you purchase helps fund life-changing medical breakthroughs – from the very first research idea through to discoveries that improve care for people across South Australia.

With your support, early-stage research can grow into major projects, clinical trials and treatments that change lives.

Your tickets help research at every stage of this journey – from emerging scientists beginning their careers, to experienced experts delivering world-class care in hospitals.

Because of you, we can also deliver programs focused on prevention and recovery – helping people stay out of hospital, reduce their length of stay, and delay or prevent readmissions.

This vital work spans more than 60 areas of disease and illness, including cancer, dementia, heart disease, stroke, mental health and so much more, while also supporting improved hospital care, equipment and community health programs.

And most importantly, behind every breakthrough is a person and family who get to enjoy more everyday moments together.

Your Home Lottery ticket makes this impact possible.
Thank you for your generosity and support.
